

# EE-Oz Report Card Projects

**Ms Michelle Ellis**

**Operations Manager, EE-Oz Training Standards**

# EE-Oz Projects

- EE-Oz tenders for projects (in addition to SLA) to help meet identified industry needs.
- At present we have **13 major projects** underway.
- The EBPPP is an important one, as is the PPP Trial Project.
- Others include:

## WELL Projects

- **Embedding ASCF in our Training Packages**
  - Starting with key ‘high volume’ qualifications.
- A web-based resource to assist industry **assess and identify gaps in worker’s ITC capabilities**, particularly in regard to those wishing to engage in e-learning programs.
- **WELL Broker Project 2.** Project 1 – ESI. Project 2 continues with ESI and has been broadened to include the Electrotechnology & Gas industries.

## Energy Efficiency/Sustainable Energy Projects

- Working with industry and RTOs across NSW to **build interest in and capability to deliver the energy efficiency** suite of Skill Sets in UEE07.
- **Professional Development for trainers in energy efficiency units.**
- Revise the EE-Oz suite of Training Packages to **embed skills for sustainability** by the end of 2010.
- **WIP Project** supporting the development of sustainability skills amongst existing workers in the Australian Electrotechnology Industry.

## Blended Learning

- **Australian Flexible Learning Framework Project** to develop and trial a national collaborative model for the development of e-learning resources in the ESI-TD&R industry.
- ESI BLCC includes over 40 members across Australia
- 2009 – e-learning resource supporting Cert IV Subs
- 2010 – e-learning resource supporting 3 units from the suite of refresher training units:
  - pole top rescue,
  - rescue from a LV panel and
  - First Aid in an ESI environment.
